Current Middle School Designated High School

2022-2023 Freshman Course Request Worksheet

Parents: It's Important for you to Review and Understand

Designated High School – Incoming Freshman are assigned to their "Designated High School" based on where they live within the High School Boundary Lines *(except Charter Schools)*. It is important that you understand where your child is defaulted to attend and confirm that. Your Middle School Site will have this/more information for you.

If you want to change anything about your Designated High School, please see the below options:

School of Choice High School -- I would like my child to attend a different high school, a School of Choice High School, than my Designated High School. I understand I must complete and submit an application found on the AASD website and my application must first be approved by the AASD.

Charter High Schools – I would like my child to attend one of the AASD Charter High School Programs (Renaissance, Tesla, Fox Cities Leadership Academy, A-Tech, Valley New School), I understand I must complete and submit an application found on the AASD website and my application must first be approved by the AASD.

Appleton eSchool – I would like my child to enroll in a course(s) at Appleton eSchool in the summer/fall, I understand that I will need to complete and submit an application found on the AASD website and my application must first be approved by the AASD.

*****Magellan, Classical, and Valley New School Families*** *-- Your child has a defaulted "open enrollment status", if you want your child to attend a different high school than the Designated High School above, please let your current school know which school you would like your child to attend.*

COURSE CONFIRMATION – Your child will receive their "Course Confirmation" of the courses they are signed up for in April. All students and parents will be given an opportunity to indicate any necessary changes at that time. This is an important step as the course requests drive course offerings, master schedule building, and staffing related decisions based on this information
