

Classical Physical Education

Mr. Cooper

Here is a quick glimpse of what May will look like for the students at Classical. All students will be doing fitness testing for the first 2 weeks of May. Fitness testing consists of the sit up test, push up test, and the 20m pacer test run.

After fitness testing, we will be focused on cooperative games to end the year! We will start going outside more as the weather gets warmer and dryer so remember to bring a sweatshirt and water bottle to PE!

What will we be focusing on in January?

K-2

Fitness Testing
Cooperative Games

3-6
